

VERSION 1.0 · PRODUCT & OPERATIONS TEAM

EduVyapar – Student & Parent Portal

Standard Operating Procedure — Operational journey from registration to revenue realisation

Made with GAMMA

VISION & OBJECTIVES

India's Most Comprehensive Digital Education Ecosystem

Connecting students, parents, institutions, educators, and service providers through one integrated platform — simplifying the academic lifecycle and enabling sustainable growth.

Simplify Lifecycle

Seamless journey from admission to placement

Parent Engagement

Real-time visibility into academics and attendance

AI-Powered Learning

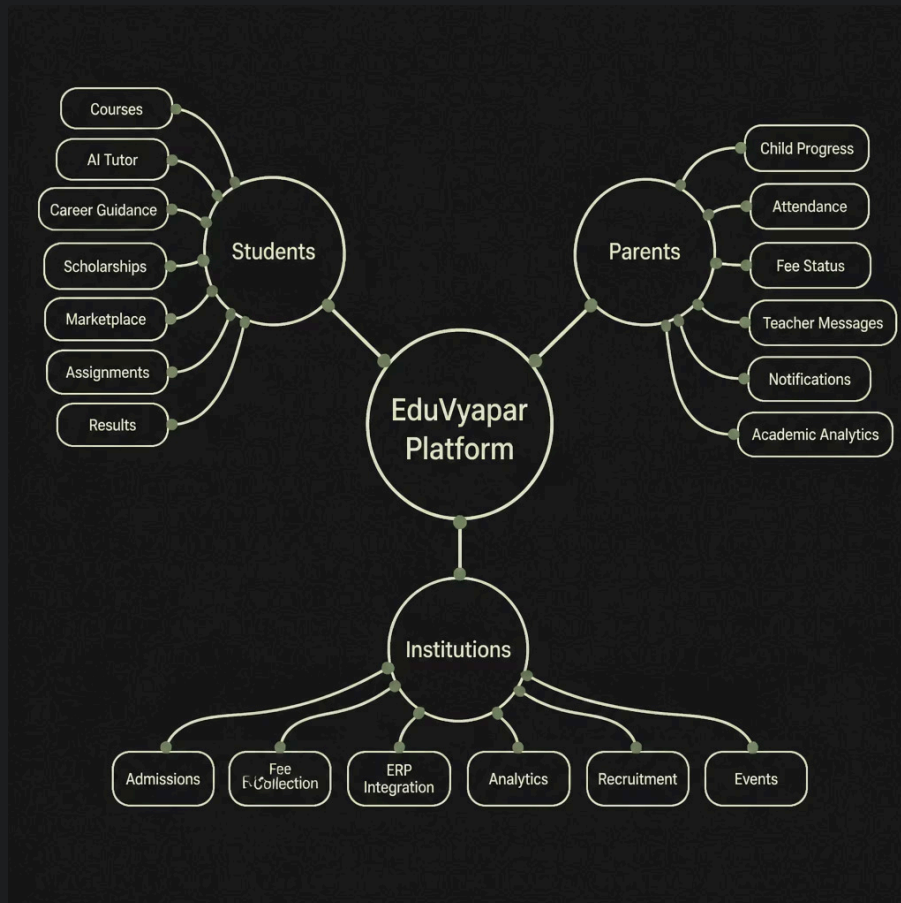

Personalised tools for every student

Sustainable Revenue

Diversified, scalable income streams

The EduVyapar Platform Ecosystem

Three interconnected user groups — students, parents, and institutions — share a unified platform delivering end-to-end academic, financial, and career services.

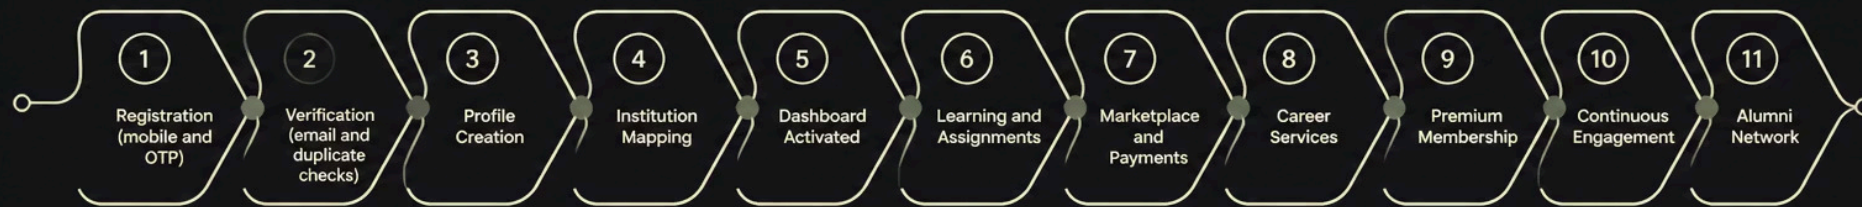

Platform Capabilities

- Unified student lifecycle management
- Real-time parent notifications and analytics
- Institution ERP integration and admissions
- AI-powered tutoring and career guidance
- Integrated marketplace and fee payments
- Scholarship discovery and application

End-to-End User Journey

Every user follows a structured, validated path — from first registration through continuous engagement — with automated checks and instant activation at each stage.

Registration SLA: Complete account activation in under 2 minutes, with automated duplicate checks and institution verification.

Registration & Onboarding SOP

Student Registration

1. Mobile number + OTP verification
2. Email verification
3. Academic details and institution selection
4. Student ID validation
5. Dashboard activated

Parent Registration

1. OTP-verified mobile signup
2. Search and link to student
3. Relationship verification + student approval
4. Parent dashboard created

System Validation: Duplicate mobile/email checks, institution verification, OTP authentication, and student ID validation. **SLA: Under 2 minutes.**

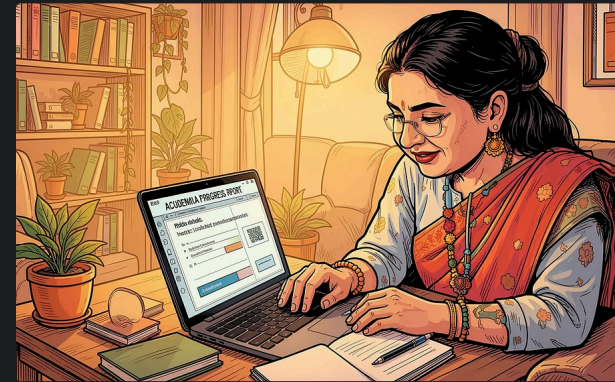

Dashboard Modules

Role-specific dashboards deliver personalised tools, data, and services — keeping students and parents informed and engaged at every stage.

Student Dashboard

- Attendance, timetable, assignments & results
- Fee status and payment history
- AI Tutor, career guidance & scholarships
- Marketplace access and course library

Parent Dashboard

- Child progress, attendance & academic analytics
- Fee status and payment reminders
- Teacher messages and notifications
- Health reports and event updates

Student Lifecycle & AI Learning

Academic Journey

From admission to alumni, every stage is tracked, supported, and enriched within a single platform.

AI-Powered Learning Engine

Students ask questions, receive instant AI responses, practise with auto-generated questions, and get personalised learning recommendations.

- AI Tutor, Homework Help & Notes Generator
- AI Quiz Generator & Study Planner
- AI Career Advisor with performance tracking

Admission & Registration

Learning & Assignments
