

July 2026 — 30-Day Social Media Content Plan

Daily planning sheet · audience · theme · post copy · keywords · hashtags · creative direction · festival & occasion column. Festival dates independently verified for 2026.

CONTENT STRATEGY SUMMARY

Core positioning: education-only hiring marketplace for schools, colleges, coaching centres, ITIs, diploma colleges, universities & training institutes — repeated through the first 10 days to build recall.

Content pillars (from brochure & website):

Every campus role

Verified profiles

Smart matching

Applicant tracking

Talent database

Secure payments

Mobile-friendly hiring

Recommended formats: static creatives · carousel explainers · short reels · testimonial graphics · festival greetings · interactive story polls. Reuse dashboard mockups & role-family visuals for brand consistency.

AUDIENCE MIX — PLANNED VS STATED TARGET

Institutions		47%	· target 60%
Job Seekers (candidates)		13%	· target 25%
Engagement / Awareness		20%	· part of 15%
Festival / Values / Brand		20%	· part of 15%

Read: July is festival-dense, so occasion content runs ~40% and squeezes conversion posts.

Candidate content (13%) sits below the 25% target — consider converting one or two engagement hooks into candidate-acquisition posts to keep both sides of the marketplace fed.

AUDIENCE KEY: Institutions Job Seekers Engagement / Awareness Festival / Values / Brand 🗓️ = dated festival / observance

01 Execution Notes for the Social Media Team

DAILY PUBLISHING DISCIPLINE

- ▶ Use the same brand language consistently: 'education hiring platform', 'hire every campus role', 'verified profiles', 'smart matching' and 'Post a Job / Create Profile / Book a Demo'.
- ▶ Recommended daily timing — LinkedIn 10:00 AM · Instagram/Facebook 12:30 PM or 7:30 PM · WhatsApp status 9:00 AM & 6:00 PM.
- ▶ For festivals, publish a separate greeting creative in the morning; the regular EduVyapar post can run later in the day as a story, reel, carousel or feed post.
- ▶ Creative rule — one strong headline, one product benefit, one CTA, one clean dashboard / profile / role-family visual per post.
- ▶ Lead CTA rotation — Book a Demo · Post a Job · Create Your Profile · Browse Jobs · Find Talent · Choose Your Plan.
- ▶ **Brand-name check:** website & this plan use **EduVyapar**; the brochure says **EduTech**. Lock one name before publishing — mixed naming breaks recall.

02 Source & Research Notes

WHAT THIS PLAN IS BUILT ON

- ▶ **Brochure content:** platform positioning, eight role families, capabilities, benefits, trust points & CTA ideas.
- ▶ **Website content:** homepage messaging, key benefits, how-it-works flow, feature showcase, plan structure & visual suggestions.
- ▶ **Festival / occasion dates** cross-checked against Drik Panchang, UN observance lists, ICAI (CA Day) and India-focused important-days calendars.
